You have the chance to snorkelling with our own equipment and to be lazy lying in a hammock at the beach. After having a typical lunch, we continue our walk for 1 hour to Playa Cinto for having a short rest at the beach. After our historical stop in Pueblito, we walk down for 1 hour to Playa Cabo San Júan del Guía. Enjoy the wonderful beach with its huge rock formations! After having lunch and resting at the beach, we walk for 40 minutes along the beaches Piscina and La Arenilla to Arrecifes, where we rest a moment to have a refreshing drink at the powerful beach of Arrecifes. Then we continue for the last part of the tour and hike through the jungle to Cañaveral for 45 minutes. If you are lucky and silent hikers, you see monkeys there!
